LIBRARIAN'S REPORT

The book circulation for the Bartlett Public Library for 1968 was 6,082. Four hundred and forty-five books were added to the circulation. The Bookmobile visited four times and left a total of 875 books.

The Librarian took a course in "Children's Services in the Public Library" that was offered through the UNH Extension Service at Plymouth State College. The librarian attended five cooperative book buying meetings and a workshop on the use of reference materials.

The \$100. State Aid grant that is given to all libraries in the cooperative library system was used to purchase the following books: The Lincoln Library of Essential Information; Kanes Book of First Facts; Practical Carpentry; Living Plants of the World; A Manual of Style (writing); Complete Book of Furniture Repair; Handbook of Nature Study; Field Book of Insects of U. S. and Canada; Field Book of American Trees and Shrubs and the Bible in the Revised Standard and the Douay versions.

The Friends of the Library group sponsored film programs, a talk on fly-tying by Mr. Surrette, and a talk on fans by Mrs. Virginia White in celebration of National Library Week. The Bartlett Library held film programs for children every Monday night during the summer with an average attendance of 15 present. The library also sponsored a summertime reading club called the "Four Thousand Footer" Reading Club which ended the summer by climbing Mt. Willard. National Book Week in November was celebrated with a story hour and film programs.

New book stacks have been purchased and are now in the process of being assembled. They will increase our shelf space to hold an additional 1.000 books.

The proposed budget for 1969 is listed below. The Bartlett Public Library is striving to meet the minimum standards that are recommended for a library in a town of our size. Therefore if the budget is approved the library will be open an additional evening, Wednesday from 7:00 to 9:00. We are now open Monday, Wednesday and Friday from 2:00 to 5:00 and Monday evenings 7:00-9:00. The library committee also plan to do some painting this year, hopefully with volunteer help from the "Friends of the Library."

Report of Forest Fire Warden and District Chief

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremen dously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted matches is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result — escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

- 1. To teach our children the danger of lighted matches.
- 2. To never discard lighted smoking material from a car or while walking through fields or woods.
- To safely dispose of rubbish preferably at the town dump. If you must burn:
 - a. You need a written permit from the town fire warden for ALL debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on GRASS by householders between 9:00 a.m. and 5:00 p.m.
 - Have equipment on hand to control the fire BEFORE you light the match.
- Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

Fryeburg, Maine January 30, 1969

To the Selectmen of the Area Towns:

Those of you who have visited the Eastern Slope Regional Airport Authority during 1968, will be aware of the increased activity which has been experienced. The Operator, Mr Hanson, has done an excellent job in relations with the flying public, and himself appears to be conducting an active maintenance business at the Airport. During 1968 the operation by the Authority of the gasoline account was taken over from the Authority by a Mr. Virchow, proprietor of a business involving several planes used for spraying and the like, which are now based, from time to time, at the Airport.

The Authority completed during 1968, construction of a six-bay T-Hangar providing much needed storage space for aircraft based at the Airport. At this writing, four bays have already been rented on a year-round basis. This hangar cost a total of Ten Thousand Nine Hundred Ninety-five Dollars and Seventy-five Cents (\$10,995.75), and used up our entire capital account, requiring in addition, borrowing from the bank to pay costs of construction. This loan, in the initial amount of Four Thousand Five Hundred Dollars (\$4,500.00), had been reduced to Two Thousand Five Hundred Dollars (\$2,500.00) by December 31, 1968. Later in the year, the Directors had quite extensive repairs made to the edges of the runway, and some hot topping in the center of each bay of the T-Hangar. Bill for these items has not yet been received, thus somewhat distorting 1968 operating expenses reported on the attached sheet.

This past Fall and early Winter has seen considerable interest from businesses concerned with ski activities in the installation of navigational aids at the Airport, particularly a so-called "low frequency homer." Up to this time, no method has been found for assuring funds needed to install and operate such a facility, but we are hopeful that progress can be made on this aspect during 1969.
